at
NAGC 2022 CONVENTION IN RED DEER CANADA

In 2021, the Pandemic caused a hasty transformation of the convention to a virtual meeting. Rather than cancel the beloved historic photo contest, it was changed to a virtual PowerPoint video and became an instant hit with members and societies throughout the USA and Canada. This new format was successfully implemented by Debbie Hatt. Sharing a look into member gardens and shows was adopted as the new mode of operation for 2022 allowing all NAGC members to participate by submitting photos of their gardens, shows and societies in action. The convention events are shared here for members unable to physically come to this convention in Red Deer Canada.
